

## **Port Hedland Marine Safety Video**

Issue Date: 15/09/2025

Mariners and Port users,

Pilbara Ports places the highest importance on marine safety in Port Hedland. Safe operations are critical to the efficiency of the port and the protection of all personnel, vessels, and the environment.

Last week, Pilbara Ports released a new Marine Safety Video designed to provide basic yet vital information to Masters and crew of all vessels visiting Port Hedland. The video highlights essential safety practices and operational requirements that support the safe conduct of vessel movements within the port.

Vessel managers and operators are strongly advised to make the video readily available on board their vessels calling at Port of Port Hedland, ensuring that all crew members are familiar with the port's safety requirements in advance of entry.

All Masters, crew, owners, vessel managers, and operators are also strongly recommended to view the video prior to arrival at Port Hedland.

The video is publicly available via the following platforms:

- Pilbara Ports Website: <https://www.pilbaraports.com.au/safety-and-security/marine-safety-video>
- Pilbara Ports Youtube: [https://www.youtube.com/watch?v=Xx-2h\\_RDMDs](https://www.youtube.com/watch?v=Xx-2h_RDMDs)

By watching and sharing this resource, vessel Masters and crew will be better prepared to safely and efficiently conduct operations at Port Hedland, ensuring smooth passage and reducing risks to people, the port, and the environment.

For enquiries related to this marine safety bulletin, please contact Pilbara Ports Port Hedland Harbour Master Team: [HM@pilbaraports.com.au](mailto:HM@pilbaraports.com.au) .

Regards,

**Behrouz Daei Zadeh**  
**Harbour Master East (Port Hedland)**
