Mariners are advised that hydrographic survey operations will be conducted within the Port of Ashburton port limits, at the locations shown on the attached map.

The surveys will be undertaken by the survey vessel MV Zephyr. The vessel will comply with the International Regulations for Preventing Collisions at Sea (COLREGs) and will display the appropriate lights and shapes for a vessel engaged in survey operations.

Survey activities are scheduled to take place from 18 May 2026 to 20 May 2026, during daylight hours only.

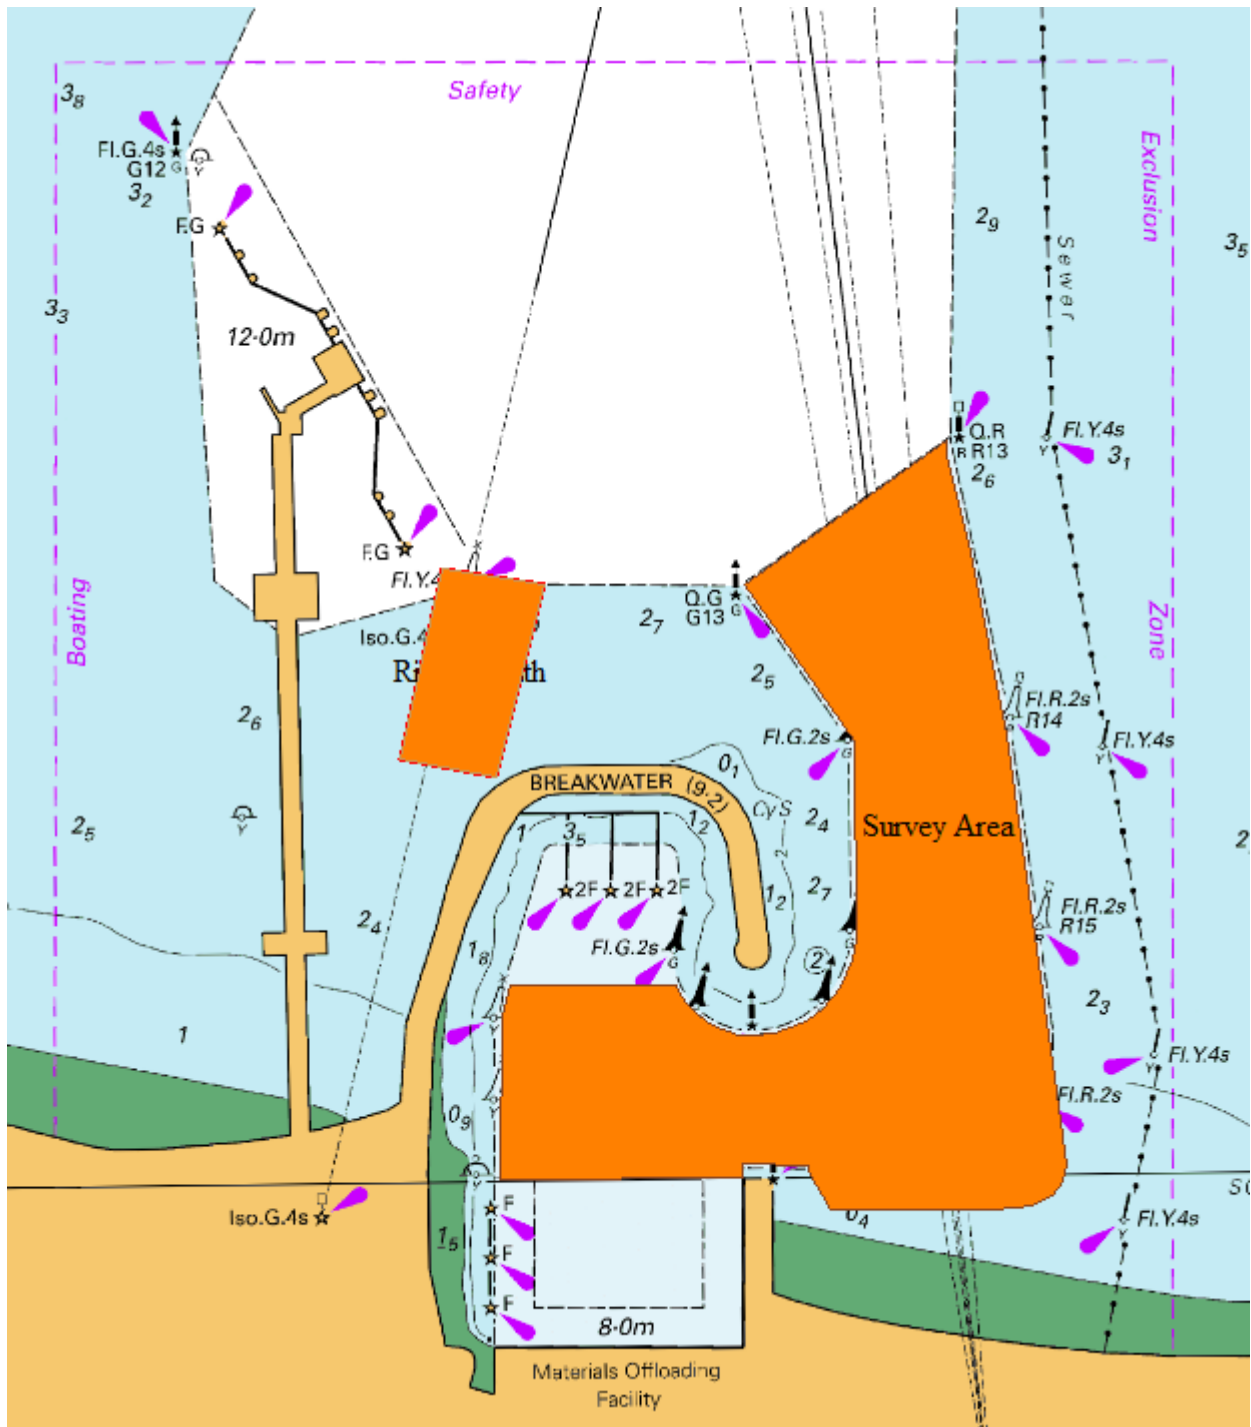

A Sécurité broadcast will be transmitted daily by Ashburton VTS advising of the survey vessel's operating area. MV Zephyr will maintain a continuous listening watch on VHF Channels 14 and 16.

Mariners are advised to navigate with caution when operating in the vicinity of the survey area and to comply with any directions issued by VTS.
