Port of Dampier – Crocodile Sighting

Number: D25/2026 **Date:** 10/11/2026

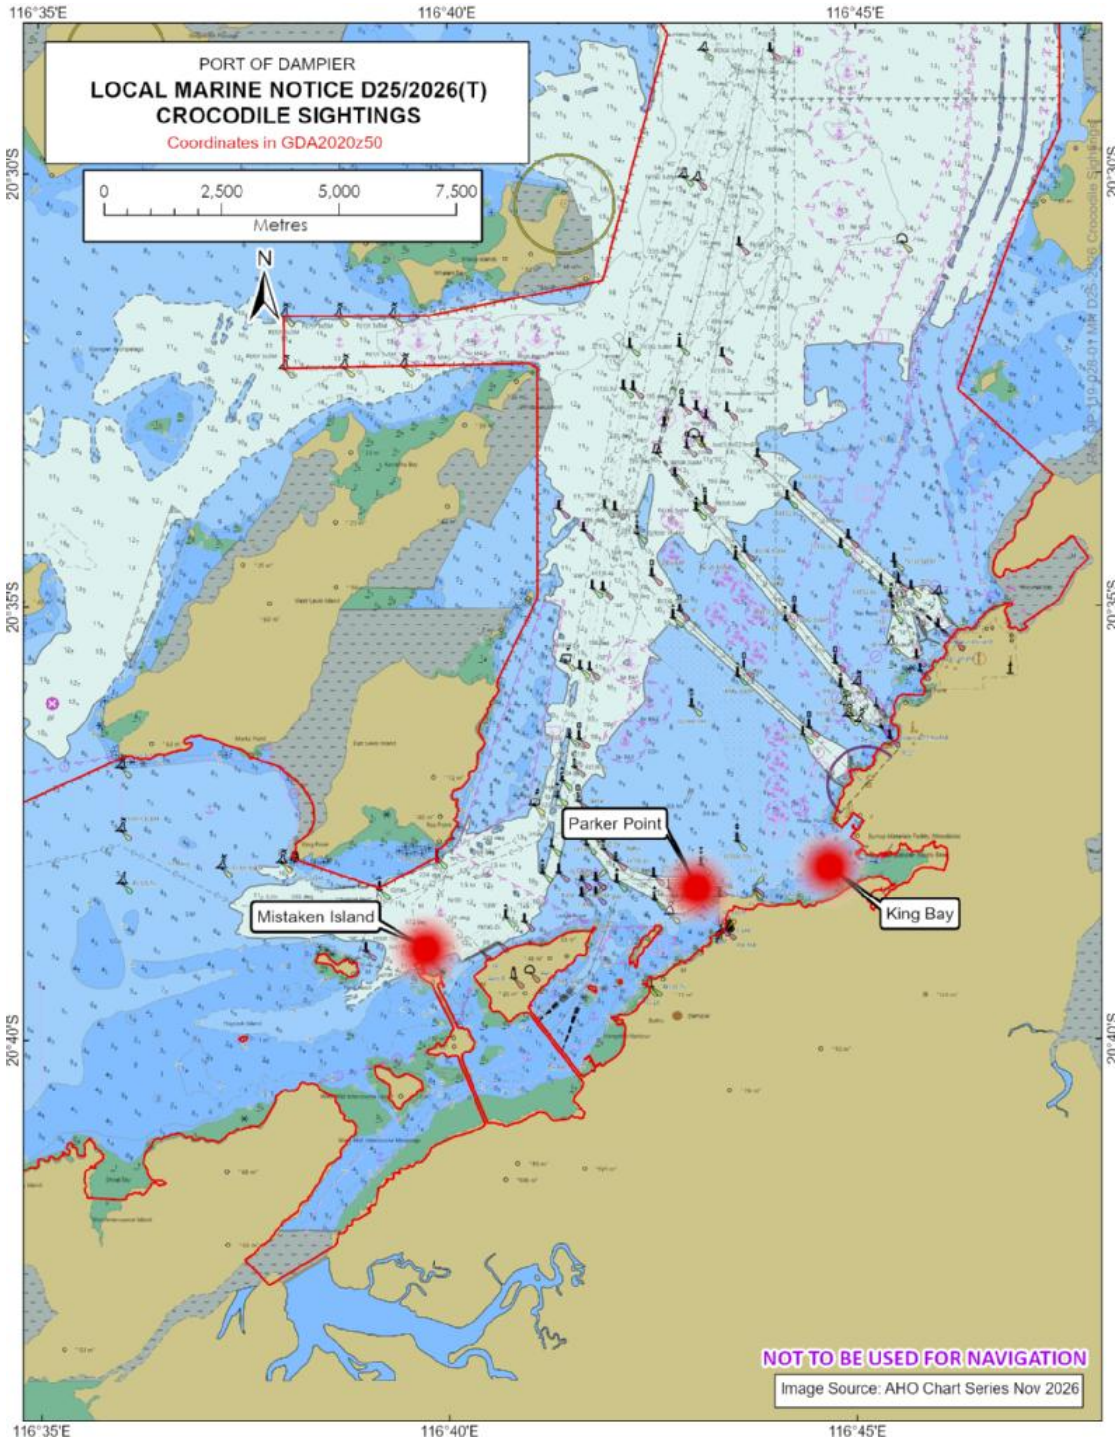

Date of effect:	**10/11/2026**
Details:	**Port of Dampier - Crocodile Sighting in Port**
Former notice:	**NA**
Charts and publications:	**AUS57; AU5DAM02**
Further notice:	**Will be cancelled when no more sightings are reported**
Attachments:	**Chartlet depicting Port of Dampier**

Port users are advised that sightings of an approximately two-meter crocodile were reported at Port of Dampier at locations described below and as shown in Figure 1 (red shaded area):

- Parker Point
- Mistaken Island
- King Bay

Vessel operators should remain alert and avoid close encounters. Maintain a safe distance from the shoreline and mangroves. Report further sightings to Dampier VTS via VHF on CH11 and DBCA (Department of Biodiversity, Conservation and Attractions) via phone (9182 2000 during office hours or 9182 2088 after hours).
Exercise caution when launching or retrieving vessels. Keep pets and children away from the water's edge.
Local dive operators should take this into consideration when undertaking risk assessments.
