
LD26/009b MODULE MOVEMENT – MOF ROAD PARTIAL CLOSURE (REVISED)

ATTENTION:	All DCW and Port of Dampier site users
ISSUE DATE:	27/01/2026
ISSUED BY:	Landside Operations (Dampier)

Pilbara Ports is advising partial road closures of Mof Road inside the Pilbara Ports security gates to facilitate nighttime module movements in support of the Perdaman Ceres Urea project. The movements are scheduled as follows:

- **Empty SPMT: Monday 26 January to Thursday 29 January.**
- **Convoy 1 NIC Packaged Skid and Flue Gas Stack 2000hrs – 2300hrs Wednesday 28 January – FDTs to Security Gate to LA30**

During this period efforts will be made to flush traffic around modules at various stages to minimise the periods of traffic stops along Mof Road.

Delays may still occur during this period, and we ask all road users to follow directions from traffic management controllers/escorts. Emergency Services will have access and right of way during any partial closure and in the case of an emergency.

Please note any road closure beyond the Pilbara Ports security gate is outside of Pilbara Ports control and will be conducted under the control of a MRWA permit.

Any changes will be communicated via an updated notice.
